## Pipeline Project Has Kicked Off

Approximately 7,000 feet of the pipeline will be replaced from the old Sebastian building to Thomas Street. Thanks to the \$700 thousand dollar water transfer and a PCWA grant, no new or additional debt will be necessary to complete this project. This section of the pipeline dates to the 1950s and has reached the end of its service life. By replacing it, Foresthill will have improved fire protection.

Please excuse any temporary inconvenience this may cause.  
We appreciate the community's cooperation while improving our infrastructure.

# More Than Just Another Tall Glass Of Water!

## If Foresthill's Tap Water Could Talk...

It would remind the community that tap water is more than just a refreshing, healthy drink. Our water can support the economy, provide us with a higher quality of life, and fight fires! Every paid water bill helps keep the Foresthill Communities tap water safe, reliable, and ready for us 24/7 without interruption.
