**INDEPENDENT AUDITOR'S REPORT**

To the Board of Directors  
Foresthill Public Utility District  
Foresthill, California

We have audited the accompanying financial statements of Foresthill Public Utility District (the "District") as of and for the year ended June 30, 2008, as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Foresthill Public Utility District as of June 30, 2008 and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated September 2, 2008 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grants.

The Management's Discussion and Analysis is not a required part of the financial statements but is supplemental information required by the Government Auditing Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplemental information. However, we did not audit the information and express no opinion on it.

The supplemental information listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements of Foresthill Public Utility District. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

## Management's Discussion and Analysis For Fiscal Year July 1, 2007 - June 30, 2008

The following discussion and analysis of the Foresthill Public Utility District (the "District") and its financial performance provides an overview of the District's financial activities, prepared by its management for the year ended June 30, 2008. This discussion and analysis should be read in conjunction with the District's financial statements and accompanying notes, which follow this section.

### **Background**

The District was formed in 1950 pursuant to the provisions of Section 15501 et. seq. California Public Utilities Code for the purpose of operating a water system. The District's service area comprises the unincorporated community of Foresthill, California, located in Placer County approximately 60 miles Northeast of Sacramento. The District is governed by a five member Board of Directors, and currently employs 10 full-time employees. The District currently incorporates an area of approximately 13,300 acres and contains primarily residential development. The District has a population of approximately 5,900, and as of June 30, 2008 provided 1,960 water service connections.

### **Rates and Charges**

The District places a high priority on rate stability while providing exceptional service to its customers. To control rate increases the District implements a conservative, long-term planning approach that controls spending and focuses expenditures on the highest priorities. The District's water rates increased 13.65% in December 2006, the first increase since 2001. This brought the rate for basic residential service for 0-10,000 gallons from \$22.00 to \$25.00 per month. The District is proposing a 10% general water rate increase and a \$3.32 per month Infrastructure Repair/Replacement surcharge for Fiscal Year 2008-2009.

### **Financial Reporting**

Management's discussion and analysis of the Foresthill Public Utility District's financial performance provides an overview of the District's activities, as well as, its financial condition for the year ended June 30, 2008. For this report, the District has implemented Governmental Accounting Standards Board (GASB) Statement No. 34 that establishes financial reporting standards for state and local governments, including enterprise districts such as Foresthill PUD. In Fiscal Year 2007-2008 the District completed an actuarial regarding District paid retiree benefits in order to satisfy GASB Statement No. 45 with implementation scheduled for Fiscal Year 2009-2010.

P.O. Box 266 24540 Main Street Foresthill, California 95631-0266 (530) 367-2511 Fax (530) 367-4385

The District's finances span three separate funds:

1. Enterprise Fund – this is the operating fund of the District. It is used to account for the day-to-day operations, which is financed and operated in a manner similar to private business enterprises. This allows the District to determine that the costs (expenses, including depreciation) of providing drinking water on a continuing basis are financed or recovered primarily through user charges.  
Also accounted for within the Enterprise Fund: 2003 Certificate of Participation – Sugar Pine Project Acquisition – Issuance of Certificate(s) of Participation through California Special District Finance Corporation pledging revenues of District to repay twenty-five (25) year debt. November 2003 the District acquired the Sugar Pine Dam & Reservoir Project from U.S. Bureau of Reclamation. A \$6.50 Sugar Pine Surcharge is collected each month from each active water customer to provide sufficient revenues for retirement of debt service.
2. Improvement Bond Fund – in 1982 the District created the existing treatment plant by assessing all parcels within District boundaries. This assessment will continue for 40 years or until which time the assets equal the liabilities and the debt can be extinguished.
3. Assessment District No. 2 – in 1997 the District upgraded its distribution system to improve fire flow and pressures in the system. The improvements were funded by assessing each parcel within 500 feet of an existing main water line. This assessment also will continue for 40 years or until which time the assets equal the liabilities and the debt can be extinguished.

### **Financial Highlights**

- Fiscal Year 2007-2008 General Fund revenues were up 5.82% over Fiscal Year 2006-2007 (\$1,354,106 vs. \$1,279,578). Expenses were up 12.56% (\$1,366,947 vs. \$1,195,366).
- End of Fiscal Year 2007-2008 District General Reserve Fund decreased 8.72% compared to the previous (\$491,384 vs. \$538,286).
- Eco:Logic Consulting Engineers completed the 2008 Water System Master Plan (planning and feasibility analysis) Cost: \$97,325.
- District completed in house design, construction and installation of the District's treated water storage tank re-plumb effort to comply with California Department of Health Services 'Contact Time Value' requirements. Cost: \$55,589. Estimated cost savings by doing job in-house = \$150,000.
- There were no contributed capital projects during Fiscal Year 2007-2008.
- Economic conditions throughout Fiscal Year 2007-2008 remained slower than previous forecasts. Lack of housing starts, increased energy, fuel, material and labor costs have contributed to the increase in total expenditures, as well as, the decline in General Fund Reserves which has necessitated the District's proposed 10% general water rate increase.

**FORESTHILL PUBLIC UTILITY DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS**

1. Organization:

The Foresthill Public Utility District was formed and operates under The Public Utility District Act. The Act confers upon the District the rights and powers to fix rates and charges for commodities or services furnished, to incur indebtedness and issue bonds or other obligations and, under certain circumstances, to levy and collect advalorem property taxes. The District is exempt from payment of federal and state taxes on income.

2. Summary of Significant Accounting Policies:

The accounting policies of the Foresthill Public Utility District conform to generally accepted accounting principles applicable to enterprise funds. The District applies all relevant Governmental Accounting Standards Board (GASB) pronouncements. Proprietary funds apply Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements, in which case, GASB prevails.

Basis of Accounting

The District's books and accounts are based upon the Uniform System of Accounts for Public Utilities as prescribed by the Division of Local Government Fiscal Affairs of the State of California. The records are maintained and the accompanying financial statements are presented on the accrual basis of accounting.

Fund Accounting

The accounts of the District are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures, or expenses, as appropriate. District resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and means by which spending activities are controlled. The various funds are grouped, in the financial statements in this report as follows:

Enterprise Fund - The Enterprise Fund is used to account for water operations that are financed and operated in a manner similar to private business enterprises. The intent of the District is that the costs (expenses, including depreciation) of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges.

**FORESTHILL PUBLIC UTILITY DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS, continued**

2. Summary of Significant Accounting Policies, continued:

Improvement Bond Fund - This fund is to account for financing of public improvements or services deemed to benefit the properties against which special assessments are levied.

Assessment District No. 2 - This fund is to account for a new financing of public improvements.

Inventories

Inventories have been valued at the lower of cost (first-in, first-out) or market.

Depreciation

Water utility plant is recorded on the basis of purchase cost. Assets acquired by contributions are recorded at estimated cost or fair market value at the date of acquisition.

Depreciation is calculated by the straight-line method over the estimated useful lives of the respective assets that range from five to forty years.

Statement of Cash Flows

All highly liquid investments with a maturity of three months or less when purchased, are considered to be cash equivalents. The investment with the State Treasurer's Local Agency Investment Fund (LAIF) is also considered to be the equivalent of cash.

Investments

Investments consist of LAIF (State of California pooled investment fund). Investments are stated at market value. Such investment is within the State statutes and the District's investment policy.

Compensated Absences

Vested or accumulated vacation leave and comp. time that is expected to be liquidated with expendable available resources is reported as a current liability. Accumulated sick leave is vested upon age 60.

Budget and Budgetary Accounting

The Board of Directors annually adopts an operating budget. The operating budgets are prepared on the accrual basis to match the operating statements.

**FORESTHILL PUBLIC UTILITY DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS, continued**

2. Summary of Significant Accounting Policies, continued:

Total Columns

Total columns on the combined statements are captioned "Memorandum Only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position or results of operations in conformity with generally accepted accounting principles, nor is such data comparable to a consolidation.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

Bond Premium and Issuance Costs

Bond premium is deferred and amortized over the life of the Certificates of Participation using the effective interest method. Issuance costs are deferred and amortized over the life of the Certificates using the straight-line method.

3. Cash and Investments:

Cash and investments consist of the following at June 30, 2008:

Unrestricted	\$ 513,804
Restricted	<u>346,192</u>
Total cash and investments	<u>\$ 859,996</u>

**FORESTHILL PUBLIC UTILITY DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS, continued**

3. Cash and Investments (continued):

Deposits:

At year-end the carrying amount of the District's deposits was \$22,420 and the bank balance was \$51,101. All of the bank balance was covered by Federal depository insurance.

	<u>Balance, June 30, 2008</u>
Checking	\$ 22,145
Other deposits	25
Cash on hand	<u>250</u>
Total deposits	\$ <u><u>22,420</u></u>

Investments:

California statutes authorize the District to invest in a variety of credit instruments as provided for in the California Government Code Section 53600, Chapter 4 - Financial Affairs. The Government Code allows investments in obligations of the U.S. Treasury, agencies, and instrumentalities, commercial paper rated A-1 by Standard & Poor's or P-1 by Moody's Commercial Paper Record, bankers' acceptances, repurchase agreements, medium-term corporate notes, mutual funds and the State Treasurer's Local Agency Investment Fund (LAIF). The investment in LAIF is reported at fair value.

	<u>Carrying Amount</u>	<u>Market Value</u>
Balance, June 30, 2008, Local Agency Investment Fund	\$ <u>837,576</u>	\$ <u>837,576</u>

Pursuant to Government Accounting Standards Board Statement 3, the investment in LAIF is not classified in categories of credit risk. The District's funds in LAIF are invested in a diversified portfolio (of underlying investments e.g. U.S. Treasury obligations) such that it considers the risk of material loss to be minimal. The funds held in LAIF can be withdrawn on demand.

**FORESTHILL PUBLIC UTILITY DISTRICT  
NOTES TO FINANCIAL STATEMENTS, continued**

3. Cash and Investments (continued):

Restricted investments:

The District sets aside funds for future plant improvements. At June 30, 2008, the District had set aside the following in investments for special purposes:

	<u>Balance, June 30, 2008</u>
Capital reserve	\$ <u>346,192</u>

4. Capital Assets:

At June 30, 2008 the District's investment in plant consists of:

	<u>Cost</u>	<u>Accumulated Depreciation</u>
Land	\$ 36,568	\$ -
Source of supply	2,630,510	363,463
Pumping plant	20,962	20,027
Water treatment	1,181,172	898,682
Transmission and distribution	7,834,157	2,623,656
General plant	<u>699,375</u>	<u>462,836</u>
	<u>\$12,402,744</u>	<u>\$ 4,368,664</u>

**FORESTHILL PUBLIC UTILITY DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS, continued**

5. Bond Issue:

The District issued bonds dated May 2, 1982 pursuant to the Municipal Improvement Act of 1913 and the Improvement Bond Act of 1915 in the total amount of \$817,250. The bonds bear interest at five percent (5%) payable January 2 and July 2 of each year; such bonds may be called for redemption prior to maturity upon payment of 105 percent of par plus accrued interest. The bonds are secured by the unpaid assessments made for the payment of improvements in the assessment district. Maturity of the bonds (on July 2) is:

	<u>Principal</u>
2009	\$ 25,000
2010-11	50,000
2012-13	60,000
2014-18	165,000
2019-22	<u>170,000</u>
	<u>\$ 470,000</u>

6. Long-term Debt:

On October 1, 2003, the District issued Certificates of Participation – 2003 Series QQ (COP’s) for \$3,195,000 to the CSDA Finance Corporation. Proceeds from these Certificates were used to purchase the Sugar Pine Dam and Reservoir (including associated water rights) from the United States Bureau of Reclamation. The Certificates are secured by a lien on the District’s net revenues. Interest rates range from 1.05% to 3.75% on annual \$100,000 principal payments through 2014. Thereafter, through maturity, interest rates range from 5% to 5 ¼%. The District maintains a reserve fund with a Trustee equal to the maximum annual installment payable in a Certificate year. Interest is payable on May 1 and November 1 of each year.

**FORESTHILL PUBLIC UTILITY DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS, continued**

6. Long-term Debt, continued:

Principal on the Certificates is payable annually on November 1 through 2028 as follows:

<u>Payment Date</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
11/1/08	\$ 100,000	\$ 65,769	\$ 165,769
5/1/09	-	64,544	64,544
11/1/09	100,000	64,544	164,544
5/1/10	-	63,169	63,169

5/1/12	-	59,919	59,919
11/1/12	100,000	59,919	159,919
5/1/13	-	58,106	58,106
11/1/13 through 5/1/28	<u>2,295,000</u>	<u>1,074,667</u>	<u>3,369,667</u>
	<u>\$2,795,000</u>	<u>\$1,697,044</u>	<u>\$4,492,044</u>

7. Retirement Plan:

The District's policy is to fund retirement benefits with the State of California Public Employees' Retirement System (CALPERS). The amount of pension contributions by the District to CALPERS is actuarially determined under a program wherein contributions plus earnings of the retirement system are to provide the necessary funds to pay retirement benefits when due. The District relies on the competency of the State in determining the funding method, the adequacy of funding, and the spreading of actuarial gains and losses which is currently on a four-year basis.

A. Plan Description

Foresthill Public Utility District contributes to the California Public Employees Retirement System (CALPERS), an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for participating public entities within the State of California. CALPERS issues a publicly available financial report that includes financial statements and required supplementary information for the Foresthill Public Utility District. The financial report may be obtained by writing to CALPERS Actuarial Office, P.O. Box 942709, Sacramento, CA 94229-2709.

**FORESTHILL PUBLIC UTILITY DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS, continued**

7. Retirement Plan:

B. Summary of Significant Accounting Policies

**Basis of Accounting:** The financial statements of the plan are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. The District's contributions are recognized when due and a formal commitment to provide the contributions has been made. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

**Method Used to Value Investments:** Plan investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. Mortgages are valued on the basis of future principal and interest payments are discounted at prevailing interest rates for similar instruments. The fair value of real estate investments is based on independent appraisals. Investments that do not have an established market are reported at estimated fair value.

Under GASB 27, an employer reports an annual pension cost (APC) equal to the annual required contribution (ARC) plus an adjustment for the cumulative difference between the APC and the employer's actual plan contributions for the year. The cumulative difference is called the net pension obligation (NPO). The ARC for the period, July 1, 2007 to June 30, 2008, has been determined by an actuarial valuation of the plan as of June 30, 2005.

District employees' contribution is 8.0 percent of their annual salary to the System. The District pays the employees' contribution. The District is required to contribute the remaining amounts necessary to fund the benefits for its members, using the actuarial basis recommended by the PERS Actuaries and Actuarial Consultants and adopted by the Board of Administration. For year ended June 30, 2008 the District paid total contributions of \$98,351, including employees' portion.

**Pooled Report Format**

Since the District's plan has less than 100 active members, it is required to participate in a risk pool.

**FORESTHILL PUBLIC UTILITY DISTRICT  
NOTES TO FINANCIAL STATEMENTS, continued**

7. Retirement Plan, continued:

A summary of principle assumptions and methods used to determine the annual required contribution is shown below:

Valuation Date	June 30, 2005
Actuarial Cost Method	Entry Age Actuarial Cost Method
Amortization Method	Level Percent of Payroll
Average Remaining Period	17 Years as of the Valuation Date
Asset Valuation Method	15 Year Smoothed Market
Actuarial Assumptions	
Investment Rate of Return	7.75% (net of administrative expenses)
Projected Salary Increases	3.25% to 14.45% depending on Age, Service, and type of employment
Inflation	3.00%
Payroll Growth	3.25%
Individual Salary Growth	A merit scale varying by duration of employment coupled with an assumed annual inflation growth of 3.00% and an annual production growth of 0.25%.

Initial plan unfunded liabilities are amortized over a closed period equal to the average amortization period at the plan's date of entry into the CalPERS Risk Pool. Subsequent plan amendments are amortized over a closed 20-year period. Gains and losses that occur in the operation of the risk pool are amortized over a rolling 30 year period. If the plan's accrued liability exceeds the actuarial value of plan assets, then the amortization payment on the total unfunded liability may not be lower than the payment calculated over a 30 year amortization period. More complete information on assumptions and methods is provided in Appendix A of Section 2 of the report. Appendix B of Section 2 of the report contains a description of benefits included in the Risk Pool Actuarial Valuation.

June 30, 2004	\$426,958,282	\$334,956,019	\$ 92,002,263	78.5%	\$ 90,667,029	101.5%
June 30, 2005	\$499,323,280	\$405,480,805	\$ 93,842,475	81.2%	\$108,618,321	86.4%
June 30, 2006	\$620,492,183	\$501,707,110	\$118,785,073	80.9%	\$126,049,770	94.2%

8. Section 457 Plan:

The District adopted a California PERS Section 457 Deferred Compensation Plan. The District does not contribute to this plan. All contributions and administrative fees are paid by the employees.

9. Water System Assessment District No. 2:

On February 28, 1996 the District adopted a resolution authorizing the issuance of improvement bonds pursuant to the Improvement Bond Act of 1915. The proceeds of such bonds was used to finance the construction of public improvements under the Municipal Improvement Act of 1913.

The improvements consisted of two phases - Phase 1 Pipeline Relocation Project and Phase 2 Water System Rehabilitation Project.

The Improvement Bonds were financed by the U.S. Department of Agriculture, Rural Development.

	<u>\$1,210,200</u>	<u>\$1,077,616</u>

**FORESTHILL PUBLIC UTILITY DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS, continued**

9. Water System Assessment District No. 2 (continued):

On June 2, 1998 the District issued an improvement bond (Series 1998) for \$2,031,318 to United States of America, Rural Development, United States Department of Agriculture. The bond bears interest at 4.75% per annum, payable on March 2 and September 2 and matures as follows:

<u>Date</u>	<u>Principal</u>	<u>Interest</u>
9-2-08	\$ 28,700	\$ 43,346
3-2-09	-	42,665
9-2-09	30,000	42,665
3-2-10	-	41,952
9-2-10	31,500	41,952
3-2-11	-	41,204
9-2-11	33,000	41,204
3-2-12	-	40,420
9-2-12	34,500	40,420
3-2-13	-	39,601
9-2-13 through 9-2-37	<u>1,667,400</u>	<u>1,176,918</u>
	<u>\$1,825,100</u>	<u>\$ 1,592,347</u>

10. Risk of Loss:

Foresthill Public Utility District is exposed to various risks of loss related to theft of, damage to, and destruction of assets; and injuries to employees. During the 2008 fiscal year, the District purchased certain commercial insurance coverages to provide for these risks.

**FORESTHILL PUBLIC UTILITY DISTRICT  
NOTES TO FINANCIAL STATEMENTS, continued**

11. Restricted Net Assets:

Reserves at June 30, 2008 consist of:

Capital improvement reserve	\$ 346,192
Sugar Pine Reserve	<u>237,569</u>
	<u>\$ 583,761</u>

12. Capital Leases:

The District entered into three capital lease agreements to finance the purchase of a dump truck, a utility bed truck, and two Chevy trucks. Assets under capital leases are recorded at the lower of the present value of the minimum lease payments or the fair value of the asset. The assets are depreciated over their estimated productive lives. Depreciation of assets under capital leases is included in depreciation expense.

The capitalized value of the trucks subject to the capital lease is \$144,908.

Minimum future lease payments under capital leases as of June 30, 2008 are:

2009	\$30,153	
2010	<u>22,143</u>	
Total payments	52,296	
Less, amount representing interest	<u>5,628</u>	
Present value of net minimum lease payments	<u>\$46,668</u>	

13. Contingencies:

A suit has been filed against the District. In the opinion of management, such matter is considered not material. The District has requested for a dismissal of this lawsuit.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT  
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
*GOVERNMENT AUDITING STANDARDS***

To the Board of Directors  
Foresthill Public Utility District  
Foresthill, California

We have audited the financial statements of Foresthill Public Utility District (the “District”), as of and for the year ended June 30, 2008, and have issued our report thereon dated September 2, 2008. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the District's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the District's financial statements that is more than inconsequential will not be prevented or detected by the District's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the District's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the District, in a separate letter dated September 2, 2008.

This report is intended solely for the information and use of management, the audit committee and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Robert W. Johnson, An Accountancy Corporation
